## OUR MISSION

Our mission is to inspire passion for the art of dance, while developing self-esteem, self-expression, and self-motivation. With this commitment, we ensure our students become strong and confident dancers. We strive to have a fun and safe environment where teamwork, character and values are learned. Our goal is to develop beautiful performers, leaders in our community, but most importantly, memories and friendships to last a lifetime. Our instructors have been carefully chosen based on their commitment to our school's mission; including to positively motivate and challenge students at every level.

# Welcome

Good afternoon! Welcome to our seventh annual recital titled STREAMING NOW. Today, you can stream everything from classic tv shows to the newest binge-worthy series with a click of a button. So, this season our instructors grabbed their remote controls to channel surf for inspiration. We are so excited to take you on a commercial free journey through some of our favorite tv shows. Please turn off cell phones during the performance. Filming is prohibited! Cell phone screens are a distraction to the performers and obstruct other patron's view. Studio parents will receive a link via email to the recital video when editing is complete. If you need to exit the theater, please do so between routines. We hope you enjoy the show!

# Thank You
